

BHAVIN RAJPUT

+91 63550 43103 | bhavikr6960@gmail.com | Ahmedabad, Gujarat, India

Full Stack Software Developer | Web Applications | API Development | Multi-Tech Stack

PROFESSIONAL SUMMARY

Full Stack Developer with experience building 8+ web applications using React.js, Node.js, and .NET. Skilled in REST APIs, JWT authentication, and scalable database design.

EDUCATION

- **Bachelor of Computer Applications (BCA)** – 2023 – 2026
Sardar Vallabhbhai Global University
- **Higher Secondary (12th), GSEB** – 2022
Bhavin Vidhya Vihar | 58%
- **Secondary (10th), GSEB** – 2020
I D Patel School | 70%

SKILLS

- **Full Stack Development:** Angular, React.js, Next.js, Node.js, Laravel, PHP, HTML5, CSS3, Tailwind CSS, Bootstrap, .Net, .Net Framework, Kotlin, Dart
- **Programming Languages:** C#, JavaScript, TypeScript, Python, Java
- **Database:** MongoDB, MySQL, PostgreSQL, MariaDB, SupaBase, Firebase, Cloudflare D1
- **API & Integration:** REST APIs, Third-party APIs, Payment Gateway
- **Tools & Technologies:** Git, GitHub, Postman, Docker(basic), VS Code, Antigravity, Visual Studio,
- **Core Concepts:** JWT Auth, CRUD, MVC, AJAX, RxJS, SaaS Basics, SEO (On-page, Off-page, Local SEO)
- **Deployment:** Vercel, Netlify, Hostinger, Railway, GoDaddy
- **Automation:** API Testing, Software Testing, Basic Automation Scripting

WORKSHOPS & TRAININGS

- **MERN Stack Workshop** – Built applications using MongoDB, Express.js, React, Node.js
- **Cyber Security Workshop** – Basics of network security, vulnerabilities, and protection techniques

EXPERIENCE

Full Stack Intern – Vassu Infotech

- Built 4+ web apps using React & Node.js.
- Developed REST APIs with JWT auth
- Fixed bugs and improved performance

Web & IT Support – Captain Tractors

- Managed and updated company website with regular monitoring and improvements
- Supported data management, backups, and internal IT operations

PROJECTS

- **Real Estate Platform**
Developed a dynamic property listing system using HTML5, JavaScript, and Cloudflare D1 with user interaction and database integration.
- **Medicare AI Automation Tool**
Developed an AI-based hospital automation system with chatbot appointment booking using React.js and Node.js.
- **Visa Consulting Advisor Website**
Designed and developed a responsive visa consultancy platform using React.js and Node.js for client interaction.
- **ERP Business Management System**
Developed a custom ERP system using React.js, Node.js, and MySQL for business operations, including data management, user interaction, and backend API integration.
- **Construction Tracker ERP System**
Developed a construction management app to track expenses, materials, and payments with role-based access and real-time analytics.
- **Security Gate Management Application (Mobile App)**
Built a visitor and security request management app using Kotlin with Supabase database and Firebase integration.
- **More 5 Real World Projects**

Key Achievements

- Built 11+ full-stack projects.
- Completed 6-month internship.
- Built scalable systems with authentication and API integrations.

Additional Information

- Languages: Hindi, English, Gujarati, Marathi
- Interests: Fitness, Coding, Learning
